Johanna Baker Joins Real Estate Group

(Arlington, VA) – John Eric and Trevor Moore have announced that Johanna Baker has joined their real estate group John Eric | Trevor Moore and Associates (JETM). JETM is a leading real estate group based out of Compass Real Estate Washington DC.

Baker began her real estate career in 2001 and has been a consistent top producer. She describes her passion for real estate in a practical sense. “At the end of a transaction,” says Baker, “to know I have made a positive difference in my client's life at what can be a stressful time is very gratifying. I try to take a photo of every client the day they buy or sell their home. That moment when we cross the finish line together is my favorite part of my job.”

A proud native of the D.C. Metro area, Baker is excited to join JETM. “Trevor and John have a proven track record of excellence in our industry. Not only are they top producers at Compass but, more important to me, they are such genuine people. Both are known to have a high ethical standard in everything they do.”

Trevor Moore agrees from the viewpoint of the group. “We are happy to welcome Johanna to our real estate group,” says Moore. “She has lived in numerous neighborhoods across the metropolitan region and knows both the neighborhoods and the clients with which she works. Johanna is a wonderful fit in our group.”

###

John Eric and Trevor Moore joined forces and merged their extremely successful groups at Compass Real Estate to create John Eric | Trevor Moore and Associates. With a combined 26 years of experience and sales topping half a billion dollars, they are leaders in the Washington DC metro real estate market.

Based on market share, Compass is ranked the number one real estate firm in the Washington metropolitan region. Compass utilizes a robust network, which connects buyers and sellers throughout America’s most dynamic markets. With 30 offices across nine regions, Compass is now among the largest owned luxury brokerages, in the country’s most vibrant communities.
